Problem–Solution Fit Canvas

This canvas explains how the AI Powered Debt Relief & Financial Recovery Platform addresses the needs of borrowers by identifying their problems, root causes, and behaviors, and providing an AI-driven solution that delivers better outcomes.

1. Customer Segment (CS)

Borrowers and individuals who have outstanding loans and want to settle or recover financially.

- Personal loan borrowers
- Credit card holders
- SME loan borrowers
- Individuals facing repayment challenges

6. Customer Limitations (CL)

Challenges and constraints faced by customers.

- Limited financial knowledge
- Unclear about settlement options
- Lack of negotiation skills
- Fear of legal actions and penalties
- Limited time to manage the process

5. Available Solutions (AS)

Existing solutions in the market.

- Bank / lender customer care
- Manual negotiation with lenders
- Debt settlement agencies
- Online forums and articles
- Financial advisors (expensive)

2. Problems / Pains (PR)

Key problems faced by customers.

- High interest and penalties
- Multiple loans and due dates
- Lack of clarity on settlement amount
- Complex processes and paperwork
- Poor communication with lenders

9. Problem Root Cause (RC)

Underlying causes of the problems.

- Information is not easily accessible
- No personalized analysis of financial situation
- Traditional systems are slow and manual
- Lack of automation and insights

7. Behavior (BE)

How customers behave today.

- Avoid calls from lenders
- Make minimum payments
- Search for quick solutions online
- Depend on friends or agents
- Delay action due to confusion

3. Triggers to Act (TR)

What triggers customers to seek solutions?

- Increasing EMI and penalties
- Legal notice or collection calls
- Salary reduction or job loss
- Credit score impact
- Need for financial relief

10. Your Solution (SL)

Our AI-powered solution.

- AI analyzes financial profile and repayment capacity
- Suggests best settlement options
- Generates personalized negotiation letters
- Tracks settlement progress in real-time
- Provides dashboard, alerts and support

8. Channels of Behavior (CH)

Where customers interact and make decisions.

Online Channels:

- Web Application, Mobile App
- Social Media, Email, SMS

Offline Channels:

- Customer Support (Call Center)
- Branch / Partner Offices

Value Delivered

- Reduced debt burden
- Faster settlement
- Improved financial health
- Peace of mind and confidence

Success Metrics

- Number of settlements closed
- % reduction in outstanding debt
- Customer satisfaction score
- Improvement in credit score
